

## Moth Preparation List

***\*Please be prepared for all persons and pets to vacate the premises for 6 hours from the scheduled treatment time.***

***\*Pregnant and/or nursing mothers and children under the age of 2 should vacate premises for 24 hours.***

***\*Exotic pets and birds should also vacate for 24 hours.***

1. Vacuum carpets and sweep floors in all rooms as we recommend no vacuuming or wet mopping for 7 days following treatment.
2. Have all carpets and floors free and clear of any clutter such as children's toys particularly the perimeter of each room as this is where the residual will be applied.
3. ***In the case of Clothing Moths***, please empty and bag all linens and clothing from bedroom dressers and closets, hanging items are fine to be treated as is. Please repeat this process for any hallway closets. These ***bagged linens do not have to be laundered immediately***. However, they must be, prior to placing them back in the drawers. Linens and clothing can be replaced 17 days after the initial treatment.
4. ***In the case of Pantry/Indian Meal Moths***, all kitchen cupboards must be emptied and shelf liner removed. Any contaminated food items must be discarded.
5. Please empty all bathroom cabinets and drawers of their contents.
6. Ensure all counter tops are free and clear of any items including food.
7. Bagged and boxed items can be placed on an outside deck, in the centre of the room (but not on any soft furnishings), or in the bathtub.
8. Please cover any aquariums with a damp towel and have the pump turned to the off position.
9. Empty any animal dishes (food/water).
